Therefore Awardee's personnel are advised that any time they place a call to or receive a call from a USAF organization they are subject to COMSEC procedures. ARTICLE 24: Awardee Personnel Performing in the United States Africa Command Area of Responsibility

(a) Definitions. As used in this article---

"Combatant Commander" means the Commander of the United States Africa Command (USAFRICOM).

"Awardees authorized to accompany the Force," or "AAAF," means Awardee personnel, including all tiers of sub-awardee personnel, who are authorized to accompany U.S. Armed Forces in applicable operations and have been afforded AAAF status through a letter of authorization. AAAF generally include all U.S. citizen and third-country national employees not normally residing within the operational area whose area of performance is in the direct vicinity of U.S. Armed Forces and who routinely are collocated with the U.S. Armed Forces (especially in non-permissive environments). Personnel collocated with U.S. Armed Forces in applicable operations shall be afforded AAAF status through a letter of authorization. In some cases, Combatant Commander or subordinate joint force commanders may designate mission-essential host nation or local national Awardee employees (e.g., interpreters) as AAAF. AAAF includes Awardees previously identified as Awardees deploying with the U.S. Armed Forces. AAAF status does not apply to

Awardee personnel in support of applicable operations within the boundaries and territories of the United States.

"Designated reception site" means the designated place for the reception, staging, integration, and onward movement of Awardees deploying to the USAFRICOM area of responsibility. The designated reception site includes assigned joint reception centers and other Service or private reception sites.

"Law of war" means that part of international law that regulates the conduct of armed hostilities. The law of war encompasses the international law related to the conduct of hostilities that is binding on the United States or its individual citizens, including treaties and international Agreements to which the United States is a party, and applicable customary international law.

"Non- AAAF" means personnel in applicable operations who are not designated as AAAF, such as local national employees and non-local national employees who are permanent residents in the operational area or third-country nationals not routinely residing with U.S. Armed Forces (and third-country national expatriates who are permanent residents in the operational area) who perform support functions away from the close proximity of, and do not reside with, the U.S. Armed Forces. Government-furnished support to non- AAAF is typically limited to force Forces protection, emergency medical care, and basic human needs (e.g., bottled water, latrine facilities, security, and food when necessary) when performing their jobs in the direct vicinity of U.S. Armed Forces. Non- AAAF status does not apply to Awardee personnel in support of applicable operations within the boundaries and territories of the United States.

"Subordinate joint force commander" means a sub-unified commander or joint task force commander.

"U.S. Africa Command (USAFRICOM) area of responsibility," as used in this article, means-

- (1) The entire continent of Africa, excluding Egypt;
- (2) The Atlantic Ocean east and south of the line from Antarctica at 024°W, north to 4°N/024 °W' west to 30°W' then north to 21 °N/030°W' then east to the African continent; and
- (3) The 'Indian Ocean west and south of the line from 'Antarctica at 68°E north to 01°40S/068°E, and west to the African coast at 01 °408.

(b) General.

(1) This article applies to all Awardee personnel when performing in the USAFRICOM area of responsibility.

(2) Certain requirements in paragraphs (c)(3), (e)(I), and (f) must be specified in the statement of work to be applied to non- AAAF personnel.

(3) Agreement performance in the USAFRICOM area of responsibility may require work in dangerous or austere conditions. Except as otherwise provided in the Agreement, the Awardee accepts the risks associated with required contract performance in such operations.

(4) When authorized in accordance with paragraph (j) of this article to carry arms for personal protection, Awardee personnel are only authorized to use force for individual self- defense. Unless immune from host nation jurisdiction by virtue of an international Agreement or international law, inappropriate use of force by Awardee personnel authorized to accompany the U.S. Armed Forces can subject such personnel to United States or host nation prosecution and civil liability (see paragraphs (d) and (j)(3) of this article).

(5) Service performed by Awardee personnel subject to this article is not active duty or service under 38 U.S.C. 106 note.

(c) Support.

(I)(i) The Combatant Commander will develop a security plan for protection of Awardee personnel in locations where there is not sufficient or legitimate civil authority, when the Combatant Commander decides it is in the interest of the Government to provide security because—

- (A) The Awardee cannot obtain effective security services;
- (B) Effective security services are unavailable at a reasonable cost; or
- (C) Threat conditions necessitate security through military means.

(ii) In appropriate cases, the Combatant Commander may provide security through military means, commensurate with the level of security provided DoD civilians.

(2)(i) Generally, AAAF will be afforded emergency medical and dental care if injured while supporting applicable operations. Additionally, all non- AAAF who are injured while in the vicinity of U.S. Armed Forces will normally receive emergency medical and dental care. Emergency medical and dental care includes medical care situations in which life, limb, or eyesight is jeopardized. Examples of emergency medical and dental care include examination and initial treatment of victims of sexual assault; refills of prescriptions for

life-dependent drugs; repair of broken bones, lacerations, infections; and traumatic injuries to the dentition. Hospitalization will be limited to stabilization and short-term medical treatment with an emphasis on return to duty or placement in the patient movement system.

(ii) When the Government provides medical treatment or transportation of Awardee personnel to a selected civilian facility, the Awardee shall ensure that the Government is reimbursed for any costs associated with such treatment or transportation.

(iii) Medical or dental care beyond this standard is not authorized.

(3)(i) A Synchronized Predeployment and Operational Tracker (SPOT)-generated letter of authorization signed by the Agreements Officer is required for certain Awardee personnel to process through a deployment center or to travel to, from, or within the USAFRICOM area of responsibility. The requirement applies to AAAF and, as specified in the statement of work, non-AAAF personnel.

(ii) The letter of authorization will identify any additional authorizations privileges, or Government support that Awardee personnel are entitled to under this Agreement. USAFRICOM has limited capability to provide Government-furnished life support services to Awardees in the USAFRICOM area of responsibility. In instances where Government-furnished life support services are neither available nor authorized in the contract, the SPOT-generated letter of authorization, signed by the Agreements Officer, shall be annotated with "None" checked for Government-furnished life-support services.

(iii) Awardee personnel who are issued a letter of authorization shall carry it with them at all times while deployed.

(4) Unless specified elsewhere in this Agreement, the Awardee is responsible for all other support required for its personnel engaged in the USAFRICOM area of responsibility under this Agreement.

(d) Compliance with laws and regulations.

(iii) United States regulations, directives, instructions, policies, and procedures; and

(iv) Orders, directives, and instructions issued by the Combatant Commander, including those relating to force protection, security, health, safety, or relations and interaction with local nationals.

(2) The Awardee shall institute and implement an effective program to prevent violations of the law of war by its employees and subAwardees, including law of war training in accordance with paragraph (e)(1)(vii) of this article.

(3) The Awardee shall ensure that all Awardee personnel are aware-

(i) Of the DoD definition of "sexual assault" in DoDD 6495.01, Sexual Assault Prevention and Response Program;

(ii) That the offenses addressed by the definition are covered under the Uniform Code of Military Justice (see paragraph (e)(2)(iv) of this article). Other sexual misconduct may constitute offenses under the Uniform Code of Military Justice, Federal law, such as the Military Extraterritorial Jurisdiction Act, or host nation laws; and

(iii) That the offenses not covered by the Uniform Code of Military Justice may nevertheless have consequences for the Awardee employees (see paragraph (h)(1) of this article).

(4) The Awardee shall report to the appropriate investigative authorities, identified in paragraph (d)(6) of this article, any alleged offenses under-

(i) The Uniform Code of Military Justice (chapter 47 of title 10, United States Code) (applicable to Awardees serving with or accompanying an armed force in the field during a declared war or contingency operations); or

(ii) The Military Extraterritorial Jurisdiction Act (chapter 212 of title 18, United States Code).
